- Responsibility and support of internal projects

Your qualifications:

- You have a degree in computer science or a comparable education as well as first professional experience in IT security.
- You bring knowledge in the areas of IT security, ISO27001, DSGVO and IT security law.
- You think in a networked manner, work in a service-oriented manner and enjoy analyzing complex issues.
- You score with your communication skills and solution-oriented approach.

We offer you:

At e2 Security, we are characterized by a lean management structure and a good team spirit.

The employee is in the center of our attention and therefore the appreciation of our employees is very important to us.

We also expect you to take advantage of all opportunities to contribute your own ideas and implement common goals.

Therefore, heart and humor are also part of our positive working atmosphere.

We also offer you:

- Flexible working hours and location-independent working, also in the HomeOffice
- Startup atmosphere in the Design Offices in the heart of Bonn
- A free, private supplementary health insurance
- A diverse, informal and relaxed corporate culture
- Regular team events
- Further training opportunities / advanced training / certifications
- High personal esteem and great individual scope for development

No matter how you define yourself, you as a person are important to us!

Even if you do not meet all the requirements described, as long as you are willing to learn, you are a welcome member of our e2 Security family.

We ask you to send your application documents including cover letter to personal@e2security.de. We will contact you as soon as possible!
